My Portfolio | LinkedIn | GitHub | LeetCode

Professional Summary

Computer Science student skilled in Java, JavaScript, React.js, Spring Boot, Node.js, SQL, and REST APIs. Experienced in building full-stack and machine learning projects with strong problem-solving and DSA skills. Seeking opportunities to apply technical skills in real-world software development.

Technical Skills

Programming Languages: TypeScript, JavaScript, Java, SQL

Frontend: React.js, HTML, CSS, Axios, Responsive Web Design

Web: DOM, REST APIs, HTTP, JSON, Client-Side Architecture

Backend: Node.js, Express.js, Spring Boot

Databases : MySQL, PostgreSQL, MongoDB

Core Concepts: Data Structures AND Algorithms, OOP, DBMS, HTTP, JSON, DOM, Asynchronous Programming

Tools: Git, GitHub, VS Code, Postman, AWS EC2, AWS S3, AWS RDS, AWS IAM, AWS CloudWatch

Projects

Construction Worker Safety & Employment Portal

- **Technologies:** React.js, Spring Boot, PostgreSQL, JavaScript, HTML5, CSS3, Axios
- Developed a full-stack web application connecting construction workers with employers through a responsive React.js interface.
- Built and integrated REST APIs with Spring Boot and PostgreSQL for reliable frontend-backend communication and data management.

AgroConnect

- **Technologies:** React.js, Java, Spring Boot, PostgreSQL, Spring Data JPA, Hibernate, REST APIs
- Developed a MERN-based marketplace enabling farmers to create and manage agricultural product listings.
- Built responsive React.js components and integrated REST APIs for user and product management.

AI-Powered Agricultural Management System

- **Technologies:** Python, Machine Learning, Scikit-learn, Data Analysis
- Developed an AI-powered agricultural management system to provide data-driven recommendations for crop selection and agricultural planning.
- Explored machine learning approaches for agricultural yield prediction and decision-support applications.

Achievements

Technical Problem Solving (LeetCode): Solved 170+ Data Structures and Algorithms problems across arrays, strings, linked lists, trees, graphs, recursion, and dynamic programming.

Community Service Internship: Developed a health and safety awareness model for construction workers.

Hackathon: Selected among the top participants for the Physical Round of the Odoo x KAHE Hackathon.

Education

SRKR Engineering College, Bhimavaram, India

Jul 2024 – Present

- B.Tech in CSE | CGPA: 9.23

Smt.B.Seetha Polytechnic, Bhimavaram, India

Sept 2021 – April 2024

- Diploma in CSE | Percentage: 96.5

Certificates

EduSkills: MERN Full Stack Development | Java Full Stack Development

Cisco NetAcad: Python Essentials 1, Python Essentials 2
